

RICH PEOPLE BEAT MONKS OUT OF BOARD

Grand Saint Bernard, Switzerland, Sept. 24.—Some hundred visitors arrived at the Saint Bernard monastery in one day recently, most of them in costly motor cars or hired taxicabs, and asked the charitable monks for refreshments. These were many Americans and Englishmen among them.

It has been the custom of the monks for many centuries never to demand any payment for hospitality, the departing guests depositing in a collection box at the entrance of the monastery, whatever amount they wish as a voluntary offering.

The monks received the 700 visitors to whom they supplied a warm supper, including wine, while some of them, electing to remain there for the night, were provided with beds.

The guests having departed next morning, the treasurer-monk opened the collection box at the gate and found it empty.

FEED NERVES PLENTY OF PHOSPHATE IN SUMMER

Keen Minded Men, Energetic and Successful
Rely on It, Asserts Prominent N. Y. Physician.

Phosphorus is a Godsend.

Men and women, nervous and fretful, easily upset and often fatigued, need plenty of organic phosphorus, and the sooner they heed this advice the better their health will be.

In every one of the millions of cells that make up your body, phosphorus is a most important part.

Your nervous system, your brain, your blood and your bones must have a sufficient supply of phosphorus or weakness, nervousness and a general run down condition, as well as lack of normal mental power is sure to result.

Big men of affairs—mighty men who control "business" because of sheer will power and nervous force, know this, or, if they don't, are clever enough to have a physician witness.

Physicians note and more are realizing that phosphorus, as dispensed by Cordell Drug Co. and all leading drug stores, is a necessity to over 90% of men and women, because present day foods do not contain enough phosphorus to give the body and especially the nervous system the supply it needs.

Speaking on this very subject, Dr.

Mrs. Spreckels Meets Friend; \$16,500 Is Gone

London, Eng., Sept. 24.—Solicitors representing Mrs. John Spreckels, Jr., of California, have instructed the police to inaugurate extradition proceedings for William Barrett, an American, who is reported to be under surveillance by the police in Los Angeles, Calif.

A warrant charging Barrett with the theft of a pearl necklace valued at \$16,500 was issued on the application of Mrs. Spreckels in the Marlborough police court September 17.

Mrs. Spreckels, who is at a West End hotel, has canceled her passage on a liner sailing tomorrow for New York and will await the return of her husband, who is in Norway.

Her secretary said today that Mrs. Spreckels met Barrett, whom she had known several years, at the Sandown race course several months ago and as she was not acquainted in London he offered to introduce her to his friends. The secretary declared Mrs. Spreckels requested him to attend to some dealings for her with jewels and gave him the necklace, which she wanted cleaned and restrung.

Time elapsed but Barrett avoided discussion as to the whereabouts of the necklace, the secretary said, and she was determined to find out. She then determined Mrs. Spreckels to inaugurate proceedings which resulted in the issuance of the police court warrant.

Los Angeles, Calif., Sept. 24.—William Barrett was said to be visiting friends in a suburb of Los Angeles today.

Barrett visited the district attorney's office Wednesday, accompanied by a detective who then passed the night with him at a downtown hotel. It was denied at police headquarters he was under arrest. Yesterday Barrett parted company with the detective. He said the matter was "all a mistake."

There is nothing criminal in my connection with Mrs. Spreckels and her jewels and as soon as my London solicitor can investigate and wire, I am sure that I will be cleared of implication.

Frederick S. Kelle, editor-in-chief of "Physicians' Who's Who," and a nationally known author of medical text books, in a most emphatic statement said:

"If I had my way, Nitro-Phosphate should be prescribed by every doctor and used in every hospital."

"When the nerve tissue begins to lose its vitality, women begin to lose their youth and attractiveness. Her lively, pleasant disposition fades away—the becomes irritable, uncompanionable, moody and despondent. It would indeed be a godsend if more men and women were aware of the efficacy of Nitro-Phosphate."

Her weakness is dreaded by men and women who are weak, thin, nervous, timid and lacking in vigorous development because it saps their vitality almost to the breaking point.

To all such people Nitro-Phosphate is recommended because it is the one organic phosphate which, when absorbed by the system, will supply the element necessary for a vigorous, healthy body free from all suggestion of weakness or disordered nerves.

Your druggist has Nitro-Phosphate in the original package with complete instructions for best results.—Adv.

EL PASO MADE CENTER OF NEW 'PROHIB' ZONE

Texas, New Mexico and Arizona to Be in Charge of James Shevlin.

Washington, D. C., Sept. 24.—Establishment of a new supervising prohibition agent's department, consisting of the states of Arizona, New Mexico and Texas, was announced by the bureau of internal revenue.

The new department, which will be established October 1, will be known as the border department and will be in charge of James Shevlin, who was recently ordered transferred from the New York department to El Paso.

Fourteen counties in the northwestern part of Texas, Bowie, Camp, Cass, Delta, Pecos, Marion, Morris, Harrison, Franklin, Hopkins, Tarrant, Upshur, Red River and Lamar counties, which with the state of Louisiana, which was formerly located in the Gulf department, will be transferred to the southwestern department under supervising prohibition agent Gates.

Then turning down to 800 meters, the wave length for some ship-to-ship traffic, words of a conversation filled the air. A man's voice from the ship, "I am the ship," started an invitation. A woman's voice in Los Angeles responded. Conversation by wireless telephone between the ship and the shore, according to Millard, was also heard.

Radio operators at sea are entertained not only by hearing radio telegraphic communication between foreign lands and telephonic communication on the Pacific coast, but, as heard at sea, according to Millard.

"Closer to San Francisco," Millard said, "an exception of this conversation sent by radio telephone, was so good that the head receivers conveyed the music to the bridge."

Just as the music on a ship, and the officers on the bridge were entertained better than with a phonograph.

MEXICAN GENERAL WILL ASK DIAZ TO SHOW HIS HAND

Veracruz, Veracruz, Mex., Sept. 24.—Gen. J. Guadalupe Sanchez, chief of operations in Veracruz, said yesterday to confer with Gen. Felix Diaz, nephew of former president Diaz, and compel him to state his attitude, as the government wishes him either to declare himself a rebel or leave.

Gen. Diaz has been at his hacienda, San Carlos, near Mexico, in northern Mexico. He has an escort of only eight men. It is generally known he already accepts orders from the secretary of war and receives an income from the government.

Sanchez, of Gen. Diaz, who recently met provisional president de la Huerta and the war secretary, gave assurance that Diaz was ready to accept the position of former rebel.

It is considered doubtful, however, that these assurances can be relied upon beyond the time, when president-elect Obregon takes office.

It is expected the outcome of Gen. Sanchez's interview will have much influence on the position of other former rebels.

IRRIGATION CONSOLIDATION MEASURE EXPECTED TO PASS

Indications that the proposed consolidation of water improvement districts Nos. 1 and 2 of the reclamation service will be carried in the election to be held tomorrow are good, according to Roland Harwell, manager of district No. 1.

Should the election carry, Mr. Harwell says work will immediately begin on improvements to cost more than \$100,000 in district No. 2, embracing the Castillejo district, which will eliminate the probability of more than 700 acres of irrigated land becoming water logged.

Rolls will be open from 8 o'clock tomorrow morning until 7 o'clock in the evening. Only resident property owners of the affected districts will be permitted to vote.

LABOR COMMISSIONER IS DEAD IN EL PASO

T. J. Plunkett, of 315 Victoria street, died at a local hospital Thursday at 8 p. m., after an illness of several months.

Mr. Plunkett has resided in El Paso for several years and was with the local postoffice here for some time but at the time of his death was building the office of deputy labor commissioner for El Paso. He was 70 years of age at the time of his death and is survived by his widow, Mrs. Freda Richardson Plunkett, and several sisters and brothers, who reside in the east. The funeral will be held from Saint Patrick's cathedral at 9 a. m. tomorrow and burial will be in Evergreen.

McWINEY HAS BAD NIGHT.
London, Eng., Sept. 24.—Yerence MacWiney, lord mayor of Cork, was in a very exhausted condition this morning at Brixton prison, according to a bulletin issued by the Irish Self-Determination league. He spent a very bad night, the bulletin declared, and the severe pains in his head, of which he has complained frequently, began again this morning.

HONORABLY MENTIONED.
First Sgt. Clifford J. Sorensen, a sharpshooter, and Sgt. Owen Granger, marksmen, infantrymen, are mentioned for their skill with the rifle in a bulletin from the British army corps at Fort San Houston.

Have Beauty Without Effort

Let Stuart's Calcium Waters Do the Work to Rid Your Face of Pimples and Such Blemishes.

Instead of those futile efforts of cleaning the face with massage, creams, lotions, etc., that have brought only disappointment, suppose you leave it to the wonderful action of calcium.

There is but one way to remove pimples, blackheads and such blemishes—through the blood and skin. In Stuart's Calcium Waters, taken at meals, the wonderful calcium serves to supply the blood with one of the most remarkable actions known to science. This is its activity in keeping firm the tiny fibres that compose even such minute muscles as those which control the slightest change of expression. It is this substance which acts upon the skin, keeps it healthy and drives away impurities, yet a 60-cent box of Stuart's Calcium Waters at any drug store.—Adv.

Concert At Sea By Means Of Wireless

San Francisco, Calif., Sept. 24.—Voices from his home town, Los Angeles, coming 300 miles over the sea, dispelled the gloom of a dense fog for Debra Millard, radio officer of the steamship Debra, off Eureka, en route to San Francisco from Seattle.

The big tanker was just steaming into a heavy fog bank off Eureka when Millard, who had been working with coast wireless stations, listened in to other stations. He heard Chatham, Mass., station's dots and dashes and replied from Nauen, Germany. He heard Hawaiian, Alaskan, Canadian, Japanese stations and ships at sea.

Then tuning down to 800 meters, the wave length for some ship-to-ship traffic, words of a conversation filled the air. A man's voice from the ship, "I am the ship," started an invitation. A woman's voice in Los Angeles responded. Conversation by wireless telephone between the ship and the shore, according to Millard, was also heard.

Hiram Johnson Coming To El Paso; May Speak

Senator Hiram Johnson, of California, former candidate for the nomination for presidency on the Republican ticket, will be in El Paso and may deliver a public speech while here, according to Walter H. Case, chairman of the local Republican organization.

Mr. Case said he had been assured that Mr. Johnson would pass through El Paso either on the way to the east or back to California from the east, and would likely stop here for a day. Mr. Johnson, who is going east to speak for senator Harding, presidential nominee of the Republicans.

MURDERED ARIZONANS; IS HANGED

San Quentin, Calif., Sept. 24.—Moses Gibson, negro slayer of Roy G. Trapp, rancher, of Fallerton, Calif., and of Jacob Ehrhardt and wife, of Phoenix, Ariz., was hanged at the state penitentiary here at 10:15 1-2 a. m. today. He was pronounced dead 12 minutes later.

Following his arrest Gibson stated that he killed four other people, but the authorities could not prove this statement.

Gibson was under sentence to hang within a week after the crime. He confessed not only that he killed Trapp and attacked Mrs. Trapp but that he murdered six other persons in Louisiana, Florida and Arizona.

Trapp was found in a bedroom of his ranch home, dead from blows on the head, the morning of July 18. Nearby was Mrs. Trapp, unconscious from blows on the head. Descriptions of a negro seen about the place the day before were sent broadcast and on July 17 Gibson was arrested at Tucson, Ariz., 12 miles from Needles, Calif., by a railroad ticket agent who had read the description of the man wanted.

Taken to Needles, Gibson admitted he killed Trapp. Orange county officers took him by automobile to Los Angeles, following a circuitous route, because of reports that Orange county farmers were on their way to intercept the party and lynch the prisoner.

Gibson was placed in the Los Angeles county jail July 19 and made a detailed confession to L. A. West.

WILL DISCHARGE JUVENILES

George H. Hasselot, of the Elgin county, and Lawrence L. Taylor, of the Elgin engineers, will be discharged from the army. The boys are under age and got in the army. It is said, by telling their wrong ages.

for Judge L. Y. Williams to hang September 24, after he had pleaded guilty, within the space of three hours. The same day he started for San Quentin in custody of C. B. Jackson, sheriff of Orange county.

On the way he told the sheriff he killed Mr. and Mrs. Jacob Ehrhardt in their home at Phoenix, Arizona, June 5 and during the past three years killed three men in Louisiana and a woman in Florida.

Two days later Gibson was taken by automobile to Santa Ana, where he was indicted for murder in the first degree and sentenced to super-

district attorney of Orange county. He said he entered the Trapp home to rob it and killed Mr. Trapp with a hammer when the latter woke up and grappled with him. Afterwards he said he struck Mrs. Trapp, then assaulted her.

DODSON WARNS CALOMEL USERS

You Cannot Gripe, Sicken, or Salivate Yourself if You Take "Dodson's Liver Tone" Instead

Calomel Salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it creates toxic, malarial, cramping and nausea.

If you feel bilious, hardy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable, and a powerful and safe to give to children; they like it.—Adv.
